Welcome to Jester House Cafe

Tasman's original garden cafe was established on this site in an old cottage in 1991. In 2006 it transmogrified into the modern medieval, eco friendly cafe you enjoy today.

We take pride and care to serve you food that is fresh and tasty, made with the best local ingredients. We produce all our own breads, sweet treats, chutneys and dressings. This makes the unique taste of Jester House.

We also offer romantic fairytale accommodation for couples in the Boot B&B.

Thank you for visiting, we look forward to serving you again soon.
